

ALITUDE

VETERINARY HOSPITAL

WELLNESS PROGRAM

Wellness for our pets at Altitude Veterinary Hospital encompasses all their lifelong needs. There are a million ways to take care of and spoil our pets. Many are good, some are not. Wellness is defined as **the care given to your pet to optimize its well being**. We can get bogged down with all the new products for nutrition, parasite control, and supplements, but here at Altitude we think **simple is better**. Take a look below for the recommendations for your pet throughout its life.
